## Riverside Rescue

By John Dear (Roving Reporter)

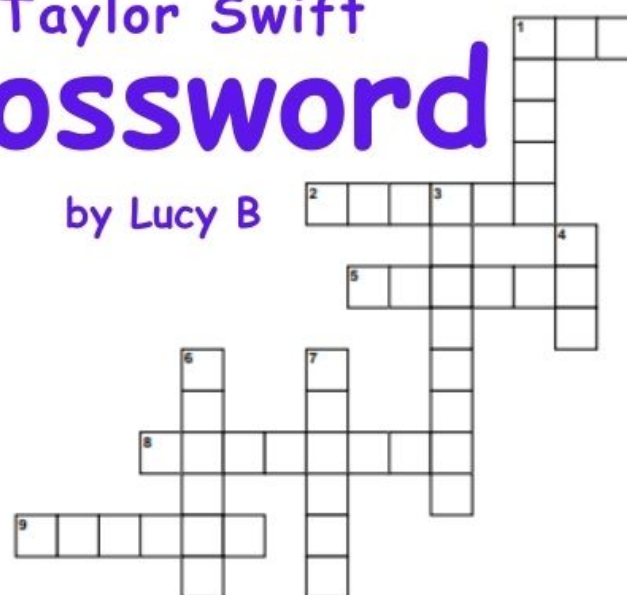

### Happy Hedgehogs

A number of hedgehogs have been found on the school playing field and rescued by students. The hedgehogs were taken to the vets and given a health check and given cat food. Then released it to the wild in Priory Park woods.

## School Panto

Here at Riverside Meadows, we are presenting to students, staff and parents a Christmas Pantomime based on famous classic pantomimes.

The script has been written and directed by Al, who teaches both English and Drama to the whole school. Al, joined the team in September 2023; collaborating with the existing staff amazing team. Everything and every event that takes place in and around school is a team effort and we celebrate this amazing student and staff collaboration.

Milo joined the school  
this year as a therapy  
dog.

He has been coming to the  
school at least once a  
week to get used to being  
in a school environment

We did a science  
lesson where Kelly  
brought her Royal  
Pythons. I was a bit  
hesitant about the  
snakes but I said  
that I was going  
conker my fears and  
I held a snake I was  
so scared and then I  
was not scared. Kelly  
has many different  
sizes and coloured  
snakes.

**Ask Meldreth  
your friendly  
advise  
representative**

*Dear Meldreth,  
I would like you to give me advice on my  
issue with some people in my class. They  
are calling me fat and ugly. It is really  
upsetting me. What do I do?*

**Dear Riverside Reader,  
Talk to the adult in charge or talk to your student council  
representative. Every class should have one. If you are  
unable to talk to your representative / friend, talk to  
another.  
Hope this helps. :)**

*Dear Meldreth,  
I would like to ask your opinion on a taxi issue I  
have. I share my taxi with three other students and  
I find them too loud. The taxi driver also talks to  
them and they sing along to the radio. This is very  
overwhelming for me and I get into school  
heightened and stressed.*

**Dear Riverside Reader,  
I would suggest in the first instance you let a member of your class adult  
team know and they can speak with the taxi driver on your behalf. If this  
does not work, inform your class adult team again, and they can speak with  
a member of the Senior Leadership Team who will support them in  
contacting the taxi company and speaking with the driver themselves. Also  
the staff team could speak with the other students in your taxi and try to get  
them to understand that the noise level is uncomfortable for you.**

***Please keep sending in your questions,  
Meldreth is here to help :)***

## The Street Fighter Club

The Street Fighter club compete on the games console to be the best at Street Fighter. They wanted to introduce and rank their favourite characters for readers to enjoy.

### Their favourite characters are:

**JP 104** "Just privilege" is a zoner and more. J.P beats everyone from full screen. Has ability to send you full screen off most hits, some amazing normals (frames and range), absurd juggling, great set of supers and a busted heavy kick make him a challenge for all but the most sticky characters. Oh and he has combos for days. Creates huge mental stack with his rifts and how many options he presents at all times.

**Luke 98** Luke is a fantastic all rounder. He has great defensive options, the best level 1 in the game, ridiculous normals that lead into full combos and crazy damage output. Beyond being meter hungry he has no holes in his flexible gameplan. Busted crouch medium punch until the balance patch.

**Ken 99** "Hobo-Ken" is the best version of Ken ever. The premier rushdown monster in the game, he can send you from one side of the screen to another off most hits, has insane mix ups, a filthy meaty heavy punch, Jinrai Kicks and Dragonlash as well as a neutral run give him a ridiculous number of approach options. May be the best in the game at corner pressure and as mentioned, he will send you there at some point. No real weaknesses.

**Guile 93** Guile does Guile things. Still a nightmare matchup for many due to his absurd defensive options (Sonic Boom remains the premier fireball in the game and his anti-air game is incredible) he is overshadowed by a horrible J.P match up and the games focus on aggression works against him. Still with a simple, robust gameplan and great damage Guile remains a threat.

# Garden Development

by John Dear, Roving Reporter

Over the last year there has been many improvements to the garden. The vegetable patch has been enlarged and it was planted with carrots, potatoes, onions, peppers, and sweetcorn. The tires were planted with wild flowers.

Also a pond was dug, and a pond lining was recycled. The students added water plants and some rocks to enable wildlife to access to the pond.

## QUIZ

Which plant, widespread in Britain, if touched causes a serious chemical reaction which makes skin hypersensitive to ultraviolet light?
